On January 10, 2014 the President of RK signed the Law “On amendments and additions to some legislative acts of the Republic of Kazakhstan on issues of social security”, aimed at improving the legislation on pensions and social security.

This law is aimed at subsidizing the compulsory pension contributions in 2014 for female workers while they are on maternity leave and childcare up to one year. 4% out of 10 % of proposed contributions will be provided by payments from social insurance fund, and 6% - from the budget.

With regard to social insurance, amendments were introduced to strengthen social protection of persons who lost their jobs, as well as to provide social benefits in maternity leave for women living in the city of Baykonur.
